If no, please explain:

Additional Comments:

We unfortunately were not able to take pictures with both sets of bleachers out in our performance gym. We have attached a picture of a previous performance with the bleachers out. We have in the past hosted TIA shows and have a large band boosters program who are able to help. We are typically able to reserve classrooms for each competing group to use. We also have contacts with West Chester University to have their music service group to come volunteer to assist us with running the show.
